

# FIXED BAR COUNTERS

Posted on 7 August, 2019 by

The efficold fixed bar counters are constructed of **the best quality** and thick steel, achieving **the best robustness in the market**.

**Oriented to customer comfort**, they are easily removable and stackable so that their use and transport is done in an easy and comfortable way.

Also, the fixed bar counter is a **merchandising tool** that has a large brand area, in which the customer can choose the manufacturing material, color and have their own design with their **brand image**.
