

MOBILE BAR COUNTERS

The efficold fixed bar counters are constructed of **the best quality** and thick steel, achieving **the best robustness in the market**.

Oriented to customer comfort, they are easily removable and stackable so that their use and transport is done in an easy and comfortable way. Thanks to **the use of wheels, they offer total mobility**, speeding up the assembly work.

Also, the fixed bar counter is a **merchandising tool** that has a large brand area, in which the customer can choose the manufacturing material, color and have their own design with their **brand image**.
