

Slim Bullet

Our coolers are a reference in the international market for their quality, reliability and for the collaboration of the most prestigious beverage brands in the world for more than 30 years.

The Slim Bullet is our answer to compact products with large interior capacity. Thanks to its large customisation area, all of them are tailor-made for our customers.

Features

- **Full-glass door** with double glazing and **handle incorporated** in the upper part of the glass.
- **Interior LED light** to maximise product visibility.
- Interior and exterior in steel sheet to provide **great robustness**.
- Equipped with a shelf.
- Ecological CFC-free injected polyurethane insulation, density 40kg/m³.
- **Uniform cold distribution** inside thanks to the excellent design of the cooling system.
- Temperature control by **digital thermostat** with automatic defrost.
- Automatic evaporation of defrost water.
- Low maintenance condenser.
- Palletising of 18 units per pallet.

Options

- Customisable exterior.
- Illuminated door.
- Screen-printed logo on the glass.
- Personalised price holders.
