Super SubZero 345

Our super subzero vertical coolers have been a benchmark in the international market for their quality, reliability and the collaboration of the most prestigious beverage brands in the world for more than 30 years.

At efficold we are committed to personalisation in design, with the possibility of branding on the sides, canopy, glass... All of them are custom-designed for our clients.

Reliability | Hydrocarbons | Energy Saving | Customization

Features

- Interior vertical LED light to maximise product visibility.
- Interior and exterior are made of metal sheet that provides great robustness.
- Solid door with glass window on the side with the handle recessed in the side.
- Automatic return system and opening locking system.
- Five shelves included.
- Ecological CFC-free injected polyurethane insulation, density 40kg/m³.
- Two rear rollers and two front adjustable feet.
- Uniform cold distribution in the interior thanks to the excellent design of the refrigeration system and its corrosion-proof coated evaporator.
- Temperature control by digital thermostat with automatic defrosting system.
- Automatic evaporation of defrost water.
- Low-maintenance condenser.
- Unitary palletizing.

Options

- Customisable exterior with different colours and customer's logo.
- Interior in black.
- Door lock.
- Custom price holder.
- Energy Management Device (EMD).

Technical Data

Dimensions (mm)	538 x 630 x 2000
Net weight (kg)	95
Net internal volume (lt)	325
Capacity bot. 33cl (uts)	190
Climatic class	CC2 (32°C / 65% HR)

Temperature range (°C)	-6 / -3
Refrigerant	R-290
Voltaje / frequency	230V / 50Hz
Lateral serigraphy dimensions (mm)	574 x 1971
Transport cont. 40' / 13m truck (uts)	60 / 69
