

Our ICEO **refrigerated open top display cooler** is ideal for positioning in **areas with heavy traffic of people** where you want to generate impulse purchases.

A compact cooler with a **great robustness** and a totally guaranteed quality. It is entirely made of steel and allows customization in colours, size, capacity and materials.

It is the **design** and culture of **merchandising in perfect harmony**. We get the best internal product visibility thanks to the great internal LED illumination.

It has **three fully customizable versions** that allow the client to choose the most appropriate option for their project.

Features

- **Compact and open design, maximum capacity and great interior visibility.**
 - Interior LED light horizontally arranged to maximize the product visibility.
 - Interior and exterior made of metal sheet that provide a great robustness.
 - Double glass door mounted on an aluminium profile and handle in the front.
 - Ecological injected polyurethane insulation free of CFCs, density 40kg/m³.
 - Temperature control by digital thermostat with automatic defrost.
 - Four feet adjustable in height.
 - Uniform cold distribution thanks to the excellent design of the cooling system.
 - Automatic evaporation of defrost water.
 - Door with self-closing and opening fixation system.
 - Door lock.
 - Low-maintenance condenser.
 - Unitary palletized.

Customization

Options

- Exterior customizable.
- Energy Management Device (EMD).
- LED backlight on the base.

Technical Data

External dimensions (mm)	593 x 678 x 737
Net weight (kg)	58
Internal net volume (Lt)	45
Capacity 33 cl cans (pcs)	63
24h energy consumption (kW/h)	3,12
Climatic class	CC1-K4 (25°C/60%HR)

* (width x depth x height)

Temperature range (°C)	+3 / +8
Refrigerant	R-600a
Voltage / frequency	230v / 50Hz
Refrigeration power (kW)	0,253
Front serigraphy dimensions (mm)	580 x 385
Transport 40' container / 13m truck	90 / 114
